

Athens Orthopedic Clinic

Use of Artificial Intelligence (AI) in Medical Record Documentation

Athens Orthopedic Clinic is committed to providing the highest quality of care by leveraging advanced technologies. We are now incorporating Artificial Intelligence (AI) to assist in generating medical record documentation. This form is to inform you about the use of AI in your healthcare documentation and to obtain your consent for its use.

The AI system helps our providers by:

- Improving the accuracy and efficiency of medical record documentation.
- Assisting in the organization and retrieval of patient information.
- Enhancing the overall quality of patient care.

Scope of AI Assistance:

- The AI system will be used to transcribe and generate medical notes from providers' dictations.
- It will help in coding and categorizing clinical information.
- AI may assist in summarizing patient encounters and updating medical records.

Benefits of Using AI:

- Faster and more accurate documentation.
- Reduced administrative burden on healthcare providers.
- Enhanced ability to maintain comprehensive and up-to-date medical records.
- Improved coordination of care and patient outcomes.

Risks and Limitations:

- While the AI system is designed to enhance documentation accuracy, it is not infallible and errors may occur.
- AI-generated documentation will be reviewed and verified by your healthcare provider to ensure accuracy.
- There may be concerns about data security and privacy, which we address through robust safeguards and compliance with HIPAA regulations.

Privacy and Confidentiality:

- Your health information will remain confidential and protected in accordance with HIPAA and other applicable laws.
- The AI system operates within a secure and controlled environment to prevent unauthorized access to your data.
- Only authorized personnel will have access to your medical records and AI-generated documentation.

Voluntary Participation:

- Your consent to use AI in your medical documentation is entirely voluntary.
- You have the right to withdraw your consent at any time without affecting the quality of care you receive.

If you have any questions or concerns, please let our staff know.
